BuyBack

Mott College Store may offer up to 50% of your purchase price or a nationally based market value. The value quoted is due to a number of factors such as whether or not your program has adopted the title, the publisher has issued a new edition, and/or we are currently overstocked with inventory. Textbooks that were sold as a package with other material such as a disc, workbook, or study guide must include those items for buy back.

1. **Call 1-888-959-0890 for a BuyBack Authorization number** (Books sent without authorization may not be eligible for buyback and may be returned at your expense).
2. **Complete the BuyBack shipment form and return it with your books.**
3. **Pack your books for damage-free shipping.**

Ship Authorized BuyBacks to:
